

Queensland Spatial Educators' Toolkit training

FRIDAY
AUGUST 19

\$10 per person registration via GTAQ.com.au

The Cathedral School, Townsville 9.00am-1.00pm

This workshop is designed to help support primary or secondary teachers who want to start using spatial technologies in the classroom. Teachers will examine the Queensland Spatial Educators' Toolkit as an introductory resource.

Participants should bring their own laptop device and Google Account for the day. Catering will be provided. Register now as we have limited places available.

Go to gtaq.com.au to register your attendance

This initiative is supported by the Queensland Spatial Information Council
