Second Nature
ASIA PACIFIC

'Paddock to Plate' Excursion!

GTAQ Annual Conference delegates are invited to participate in this tailored program designed to discover 'where our food comes from' through a combination of **hands-on, experiential learning activities** facilitated by our industry professionals. Delegates will learn about current agricultural research and innovative farming practices being used today, by both small & large scale farmers. Challenges impacting the environmental management and sustainability of these industries will also be investigated.

Who are we?

- Second Nature Education is a locally owned & operated company specialising in curriculum-based fieldwork, cultural education & customised international travel programs for schools.
- Our experienced facilitators deliver programs throughout most of Australia's spectacular natural environments, for students from Kindergarten to Masters level.

About your excursion:

- This excursion is specifically designed to support the Year 9 'Biomes and Food Security' unit. Students' comprehension of this unit will be greatly enhanced through participation in this enjoyable, interactive, educational field trip. **Note:** This field trip can be tailored to suit other units of study.
- We will conduct this 1-day program for GTAQ Conference delegates on **24/07/2015**, departing XXXX at **08:00am** and returning at **16:30pm**.

What's included?

Your contribution provides you with all the preparation for the excursion, equipment necessary to conduct the activities, work-booklets, morning tea, lunch and afternoon tea, all transportation and the facilitation of the program. We are committed to providing schools with benchmark-standard programs that are value for money, and we hope you will see the value in your participation in this program.

What to bring?

- Two pens & pencils, a clipboard
- Back-pack (to carry lunch & personal items)
- Mosquito repellent
- Hat, comfortable collared shirt, long or short pants, jumper (depending on the season/location)
- Sun-screen (SPF30+) and sun glasses
- Refillable water bottle (we will supply additional water)
- A raincoat & umbrella (umbrellas may not be practical)
- Comfortable walking shoes including a second pair of dry shoes/socks)
- A great attitude:)

**We look forward to meeting you on
24/07/2015!**
